Brothers and Sisters in the Lord,

During these unusual times, the Diocese of Joliet is supporting our efforts to encourage our parishioners to continue to tithe during these difficult times.

The diocese is providing an additional service to the parishes that currently do not offer online giving. They have created a universal offertory program.

This will allow parishioners to visit the Diocese of Joliet website to make a donation and direct it to their local parish.

Monies will be distributed to the parishes through the finance department.
